

Methow Valley Biathlon 2008-2009 Program Guide and Race Schedule

Methow Valley Biathlon training and racing opportunities include the following:

- A two to four day summer training camp in late June
- A two to four day fall training camp in early November
- A half-dozen or so shooting practices during the winter
- A local club race
- Out-of-town races

Most MVB activities are open to juniors and adults, though juniors have priority in using club resources (e.g. rifles). All MVB practices and races take place in Mazama. Fees in addition to MVB membership are required for training camps. More information about training and racing dates is sent by email to MVB members as it becomes available. You may also contact Coach [Betsy Devin-Smith](#) at 996-3159.

The following 2008-09 race schedule includes events relevant to Juniors in biathlon and cross-country. Most events also have divisions for masters. Races are biathlon unless indicated XC (=cross-country). **Red indicates MVB/MVNT is planning to attend.**
